Participation in the Alternatives Formulation Process

John S. McKee, Field Manager
Rock Springs Field Office

"I encourage the public to participate in the alternative formulation process for the Jack Morrow Hills plan at the public meetings or through written comments. My staff, our cooperating agencies, and our third party contractor, Booz Allen Hamilton have been working hard to come up with a range of alternatives based on the public scoping comments. The meetings and the comment period provide the public another opportunity to participate in the process and I encourage everyone to stay involved."
